D. Simpkins, superintendent of the Newark public schools, will give out the words, and a good time is expected. Hunt up your spelling books, neighbors, and turn out in full force on Wednesday evening.

Mr. Thompson's Injury.

In the account on Saturday of the accident whereby William Thompson, a gardener living on Madison avenue, sustained serious injuries by reason of a west bound interurban car striking his wagon, and throwing him to the ground, several errors occurred. In the first place the injured man was not removed to his home in an ambulance but was carried there on a stretcher by friends. His injuries were attended to by Dr. J. N. Stone, assisted by Dr. C. F. Legge. Saturday, at the company's request, Dr. D. M. Smith took charge of the case, and is being assisted by Dr. Stone. Dr. Smith informed an Advocate Monday that Mr. Thompson is getting along nicely, and the indications are that he will recover.

## NEARLY DEAD

And Delirious, Ex-Speaker David B. Henderson is Taken to a Hospital in Dubuque, Ia.

Dubuque, Iowa, Nov. 6.—Col. David B. Henderson, ex-speaker of the House of Representatives, was taken to Mercy Hospital Saturday night, to the surprise of every one. The distinguished patient had been confined in the Hotel Julien, but owing to the prolonged illness and apparent approach of death, it was deemed best to take him to the hospital. His mind has failed him completely and the deadly paresis has its grip upon him.

Many rumors were current when he was taken to the hospital. News of his death has been awaited, and great surprise was manifested that he went to the hospital. It was said he would be operated on. Dr. Hancock, attending physician, refused to make a statement from his wife it was learned that the change was made to give the patient all care. The strain on the family has been great. Henderson is delirious, and it is believed can live but a few hours.

## HOW TO MAKE NO MISTAKE IN VOTING A MIXED TICKET

There are just three ways to vote the Australian ballot: First, by placing an X mark in the circle at the head of the ticket, which votes a straight ticket; Second, by placing an X mark at the left of each candidate, which is a vote for every candidate so marked; Third, by placing an X mark in the circle and by placing an X mark to the left of names on ANOTHER TICKET.

There is great danger in this third method of marking the ballot where there are two or more candidates on each ticket for the same office, as in the case of Board of Public Service this fall, and it will be well for all who contemplate voting a MIXED TICKET to study this matter carefully.

For example, suppose a Democrat desires to vote the straight Democratic ticket except one member of the Board of Public Service Board. If he places an X mark in the circle under the Rooster and then drops down to the Board of Public Service on the lower part of the ballot and puts an X mark in front of one Republican candidate, his ballot will count only for that one Republican candidate and not for the other two candidates on the Democratic ticket. DEMOCRATS, DO NOT FORGET THIS FACT WHEN YOU ARE SOLICITED TO VOTE FOR A REPUBLICAN MEMBER OF THE BOARD OF PUBLIC SERVICE.

VOTERS, HERE IS THE SAFEST WAY: UNLESS YOU VOTE THE STRAIGHT TICKET, PUT A CROSS BEFORE THE NAME OF EACH MAN FOR WHOM YOU WISH TO VOTE. THEN NO MISTAKE WILL BE MADE IN COUNTING YOUR BALLOT.

## Look Out For Roorbacks.

Democrats, pay no attention to any of the political tricks of the Republican machine bosses on the eve of election. Do not be misled by any reports circulated, printed or otherwise, at so late an hour that they cannot be answered or proven to be false.

Any report or charge against a candidate on the eve of election is unworthy of belief and should not be allowed to deceive voters.

Beware of all such tricks and devices in every form, and do not be deceived.

The Democrats of Newark never had a cleaner, stronger, better set of candidates on their city ticket than they have this year. Each and every one of them is pledged to an honest, fair and economical administration. They are all good Democrats and deserve the support of every other good Democrat.

If you were on the Democratic ticket, as you may be some day, would you consider it kind of your fellow Democrat to give even a complimentary vote to your opponent?

Our Democratic committee has been active, vigilant and persevering throughout the entire campaign. The committee deserves great credit for its conduct of the campaign, and the good results of it will certainly be shown by the Democratic majorities in the city and county when the returns come in Tuesday night.

Our county ticket is one that every Democrat should rejoice over. There is not a weak spot on it. Every man was fairly nominated at a primary held under the direction of the non-partisan election board and hence is entitled to the vote of every true Democrat.

The people of Cincinnati are thoroughly aroused and fully conscious of the meaning of this campaign now drawing to a close. The honest election committee is doing a good work which will not end till the counting of the ballots Tuesday night. Its efforts are being directed toward a ballot cast according to law and an honest count.

## Proof of Cox Bossism.

Senator Dick will find that as chairman of the executive committee in charge of the Cox-Herrick campaign in the state he has been altogether too free in the asking of questions which brought out other questions in retort which have proved most embarrassing for him and the machine, and he will also find that he has talked too freely, especially when he sought to answer Congressman Amos E. Webber of Elyria, who in his public statement to the Republicans of his district let it be known that he was tired of apologizing for Herrick and Cox and that he would not again raise his voice in their behalf in the campaign. The congressman looked in vain for the governor to follow the example of Secretary Taft and cut loose from the Cincinnati boss, but not a word came from him. His silence was convincing proof to the congressman that the charge of Cox's bossism over the state administration was not without foundation in fact. Chairman Dick confessed to Congressman Webber that the reason the governor did not repudiate Cox was that he expected Cox and his element to elect him. The proof in support of the charge of Cox's bossism accumulates right along.

The Republican central committee of Tuscarawas county found the most discouraging conditions when it took a poll of the county. Clay township usually shows thirty-five Republican votes, but the poll showed but one man who intended to vote for Governor Herrick at the coming election, and he is the man who took the poll in the township. In returning the poll books to the committee the man explained that he himself expected to vote for Pattison, but he felt ashamed to report that his township had not a single Herrick vote in it, so he charged himself with being a Herrick man. There's a man who would do something merely for the sake of appearances, not that he cares anything about a showing in behalf of the governor and the machine.

That the people are realizing more and more the importance of electing men to the Board of Public Service who possess undoubted qualification for the position is evidenced by the large percentage of voters of all parties who express their determination to vote for E. L. Weisgerber. He will certainly be elected by a very pronounced majority and the people will be the gainers for choosing a man for this important position who, in addition to his well known integrity, possesses such superior knowledge and especial fitness for the position.

All over the country there is a tidal wave against bossism and honest men of all parties, Republicans and Democrats, are shoulder to shoulder aiming to drive bosses from power. Let every Newark voter who is opposed to the bossism that afflicts Ohio vote against Coxism tomorrow.

The fight made by the opposition on John P. Lamb as the campaign closes cannot stem the tide in his favor. Mr. Lamb's experience on the Board of Public Service, his well known qualifications and honesty, are the matters that are uppermost in the people's mind on the eve of election. He is making a vigorous, active, gallant campaign that shows the personality and admirable qualities of the man to an extent that cannot fail of success, as the people's votes will show tomorrow.

The Democratic voter will make no mistake tomorrow if he puts his X mark in the circle under the rooster and no where else on the ballot.

Judge E. M. P. Brister: his name is a household word in Licking county and who knows Judge Brister, knows him to be an honest, efficient, learned man. He has been Probate Judge one term and in the three years he was in office he demonstrated his qualifications for the position of Probate Judge. Judge Brister will be elected tomorrow.

The Advocate has pursued a uniformly fair and honorable policy toward the opposition party and its candidates throughout the entire campaign. The Advocate always stands for clean politics.

With the importance of the cases now on the Licking county criminal docket, it would be unwise not to re-elect J. R. Fitzgibbon as Prosecuting Attorney. He is vigorously and successfully prosecuting those cases and the people should see that he is re-elected so that he can fight them to a finish.

## GET OUT EVERY DEMOCRATIC VOTE

We are right at the end of one of the most peculiar and important campaigns that has ever occurred in the state. It is peculiar because of the general loosening of the lines in the Republican party, and the evident intention of thousands of Republicans all over Ohio to vote for the Democratic candidate for Governor, and for many other Democratic candidates tomorrow. The campaign is important because it presents a clean cut issue between graft and political bossism on the one hand, and honest and independent citizenship on the other. The general indications are all favorable to the election of Pattison for Governor, and the entire Democratic county and city ticket. This is true because of two general propositions. The Democrats of Ohio and Licking county are lined up for the Democratic ticket as they never were before. They are ashamed of the result in Ohio and Licking county last year, and they want to redeem both tomorrow. In addition to this thousands of independent Republicans.

No man has been nominated by any party for years who possesses greater merit of fitness for the office of County Commissioner than James M. Crawford, the candidate of the Democracy for that office this year. Mr. Crawford's excellent business judgment is so well known as to need no commendation from the Advocate. His integrity and qualification are such that he will make Licking county one of the most efficient and popular commissioners that ever filled the office.

Vote for Henry Baker and Rees R. Jones for councilmen-at-large. These men stand upon the records made during their present term of office and those records are open to inspection.

It is important for Licking county to have as its member of the House of Representatives a man who will attend to the duties of that office. Dr. Watkins' professional duties kept him away from Columbus much of the time during the past session and the records show that he failed to vote on many important bills owing to his absence. William A. Ashbrook, the Johnstown editor, who is Democracy's candidate for Representative, promises when elected to devote his time to duty at Columbus. He is keen, alert, educated and in touch with affairs. Mr. Ashbrook will make one of the best Representatives Licking county ever sent to the State Legislature.

If every Democrat will vote a straight ballot tomorrow, by placing his X mark in the circle under the rooster the entire Democratic ticket will be elected by ample majorities.

There is every reason to believe that B. F. McDonald will carry this district and become State Senator tomorrow. Mr. McDonald has made a splendid canvass in Delaware, Licking, Muskingum and Perry counties, and he and his host of Newark friends, irrespective of party are extremely hopeful of the result. Mr. McDonald will represent the district to the best of his ability and he possesses the ability in a marked degree.

Democrats who have not been sanguine had better get ready to enjoy the coming victory. This election is going to surprise a great many people.

Evidences of accessions to Mayor Crilly from all parties come from every portion of the city today. It shows that people appreciate the fact that Newark has not had such an efficient Mayor for a generation. This appreciation, which demonstrates the people's intelligence and ability for self-government, will be shown by the size of his majority when the votes are counted tomorrow night.

Sid Livingston will get good results when the votes are counted tomorrow night. His clean campaign has been effective with the great mass of voters, among whom no man in the city has a greater popularity. His experience, too, in his first time in the office of Board of Public Service will aid him greatly in discharging the duties for a second term, to which he is certain to be elected tomorrow.

Democrats, the importance of getting out every Democratic vote tomorrow should not be underestimated. It is the casting of our full vote that means victory.

Harry Rosell is without doubt one of Newark's most popular men. The vote he received two years ago attested this fact and his popularity has in no way diminished since then. Mr. Rosell is the Democratic candidate for President of the City Council to succeed himself. He is a candidate for his second term. With a thorough knowledge of parliamentary law, and a cool head and clear mind, he makes an admirable presiding officer. Of course he will be re-elected as he should be.

Democrats, be sure that you vote for all three of the Democratic candidates for Board of Public Service tomorrow. A cross mark opposite each and every one of their names is the sure and certain way.

The City Solicitor of Newark should be a man of ability, integrity, experience in the practice of law and a familiarity with the city's business transactions. Mr. Frank A. Bolton, candidate for this office, possesses these qualifications in an unusual degree and with them he has a personality that attracts men. Mr. Bolton has made a good campaign race and if the signs are worth anything, he will be elected by a very large majority. Many Republicans recognizing Mr. Bolton's fitness for the office of city solicitor will vote for him tomorrow. He deserves the united vote of his own party.

Everybody knows that Boss George B. Cox, formerly a low dive keeper, did not get his MILLIONS by honest toil. It was the graft that comes to the Boss by reason of his power that made him his immense wealth. Swipe the Boss when you vote tomorrow.

Mr. C. L. V. Holtz, the efficient and popular candidate for County Treasurer on the Democratic ticket, is receiving marked encouragement from all over the county and city. Mr. Holtz's experience in the Treasurer's office, where he has been a valuable man to attend to the various wants of tax-payers for the past three or four years, brings to his support many voters from Republicans as well as Democrats. Practically he has already been tried and the people realize how important it is to elect a man with his qualifications and honesty to the office of County Treasurer.

James R. Fitzgibbon, the able, faithful lawyer, has promptly and successfully prosecuted every important criminal case on the docket, while the inexperienced Horner never tried an important case in any court. And this is quite a sufficient reason for re-electing Fitzgibbon in the minds of intelligent voters.

Chairman Dick, in charge of the Cox-Herrick campaign, made a heart-rending appeal on Saturday for more contributions to the campaign fund of his committee. From the frequency with which the chairman's appeals have been made it must be concluded that Republicans over the state have not been responding as promptly and liberally as in former campaigns when they had some respect for their party and felt like assisting it.

Democrats, vote your ticket straight tomorrow, and you will make no mistake.

## IT WON'T DO.

It won't do for the friends of good government to defeat Herrick and elect the balance of the Cox ticket. Cox will be able to maintain his graft machine in good order if he is able to retain the other state officers and the legislature. Especially is it necessary to elect an anti-Cox legislature. With a Cox-bossed legislature Pattison as governor would be practically helpless. His efforts against bossism and graft would be futile. Give Pattison a chance, by giving him a legislature he can trust.

In Cincinnati the Republican machine built up by George B. Cox has levied an assessment of two and one half per cent. on salaries of officials and employees of the city, and it is estimated that from this source alone the sum of \$65,000 will be realized. This with the amounts collected from other sources will give the machine fully \$200,000 with which to meet the expenses of the campaign it has carried on to fortify itself in control in the city. Still the Republican state chairman admits that he is not against the Cox methods by which big Republican pluralities are rolled up in the Queen City.

Shall Ohio be ruled by Boss Cox or by the people? That is the issue to be decided tomorrow.

Mayor Crilly's administration stands for good government, and every law and order citizen should vote tomorrow for its continuance for a second term.

Democrats, compare the superior merits of the candidates on your ticket with those on the Republican ticket, and then put your X mark under the rooster and no where else on the ballot.

Do the people of Newark want to continue the present good government of the city—the best the city has had for a generation? Then vote for Mayor Crilly tomorrow.

A full turnout of the Democracy tomorrow means the election of every candidate on the Democratic ticket. Let none be left away from the polls tomorrow.

When the "thug trust" is the last resort of George B. Cox to defeat the will of decent people, then it is high time for decent people to rise in their might and smite the boss and his machine on election day.

Democrats, do not forget that three members of the Board of Public Service are to be elected. Either put your X mark under the rooster and no where else, or opposite the name of each of the three candidates for Board of Public Service.

Unless you vote the straight ticket place an X mark to the left of each name of the person for whom you wish to vote. Then you will make no mistake.

## FOR PATTISON

Is Sentiment Over State, Says a Cincinnati Traveling Man in the City Today.

W. H. Hansom, who represents a large mercantile house in Cincinnati, was in Newark today and with several others began talking politics in the lobby of the Warden.

Mr. Hansom made the remark that within the last six weeks he had been in over 50 counties in the state, and that the sentiment was overwhelming in favor of Pattison for governor. Mr. Hansom said that he had never before voted a Democratic state ticket, but that on Tuesday he expected to go to Cincinnati and vote for Pattison and against the regime of Boss Cox.

## A FACT PROVEN.

Should Convince Even the Most Skeptical of Its Truth.

If there is the slightest doubt in the minds of any that Dandruff germs do exist, their belief is compelled by the fact that a rabbit inoculated with the germs became bald in six weeks. It must be apparent to any person therefore that the only preventive of baldness is the destruction of the germs, which act is successfully accomplished in one hundred per cent. of cases by the application of Newbro's Perfolide. Dandruff is caused by the same germ which causes baldness and can be prevented with the same remedy—Newbro's Perfolide.

## ENCOUNTERS EVERYWHERE

Demonstrations Followed by Sharp Clashes With Troops.

## RIOTING IS NOT SUPPRESSED

Patriotic Processions in Warsaw, Poland, in Which Two Hundred Thousand Persons Participate—Horrible Atrocities on Helpless Jews—Work of Mobs at Odessa and Elsewhere.

St. Petersburg, Nov. 6.—The day happily passed in St. Petersburg without disorders or bloodshed. The Socialists and revolutionists planned a mammoth demonstration in connection with the funerals of those killed in last week's riots, but General Treppoff intervened. The revolutionary leaders here anticipate a period of comparative quiet and speak of the great strike simply as a "maneuver" which forced autocracy to make concessions. "We haven't any intention of ending the fight now," said one of them, "but will organize and arm the people for the final struggle. We expect nothing from bureaucracy, and only by a popular uprising can we achieve our aim, which is a constituent assembly."

Anti-Semitic rioting is reported to be going on in Kherson, Ekaterinoslav, Vasiloff, Kaluga, Ivanovo-Voznesensk, Moghileff, Koseleitz and Uman.

From Riga, Consul Bornholdt telegraphed Charge d'Affaires Eddy that the situation was extremely serious, that considerable American interests were endangered, and demanded military protection. A similar appeal arrived from George R. Martin, the American consular agent at Rostoff-on-Don, where also there are American interests.

Other dispatches received from Odessa say that the Cossacks and infantry fought a regular battle with Jews and revolutionaries, who were concealed in houses, and give the dead at 300 and the wounded as over 2,000.

No authentic figures are available from Rostoff-on-Don, but the dead are placed at hundreds, and it seems definitely established that the Cossacks participated in the pillage there.

The amnesty proclamation with its confused phraseology, which even lawyers in the assembly are unable to construe clearly, is not received here with full satisfaction on account of its limitations. The general cry from all quarters is for a declaration on broader lines, which it is felt can not be long delayed.

## Mob's Work at Odessa.

Odessa, Nov. 6.—A tour of the city and part of the suburbs found all quiet. Whole rows of shops that were pillaged have been boarded up. The poorer Jewish quarters suffered worst and the principal streets, with few exceptions, were untouched.

The casualties in Saturday's disturbances exceed 140, and those of the preceding three days, which have been verified, number nearly 5,600. The plundering continues in outlying districts, but the city is relatively quiet, though the population is still anxious.

The latest accounts of the devastation in the Jewish quarter add horror to the situation. Besides numerous mills, all the bakeries, shops and nearly 600 homes have been destroyed. The Jews killed in every circumstance were treated with revolting barbarity. Heads were battered with hammers; nails were driven into the bodies, eyes were gouged out and ears severed. Many bodies were disemboweled, and in some cases petroleum was poured over the sick found hiding in cellars and they were burned to death.

## Clashes With Troops.

St. Petersburg, Nov. 6.—Fatal encounters between the soldiers and the populace and anti-Jewish excesses are reported from many places in the provinces. At Kremenichug 20 persons were killed and 80 injured. At Kikais a military train was wrecked and nine soldiers were killed. After the collision the revolutionaries opened a rifle fire on the train and the troops replied in kind. There were several killed or injured on both sides. At Berdicheff several persons were killed or injured, and at Minsk serious rioting arose through the troops preventing a meeting of citizens. The troops fired volleys into the crowds and there was intermittent firing for a long time. A hundred were killed and 600 wounded. Indescribable horrors are being witnessed every day. The massacre and pillage of the Jews continue at Kishineff.

## Poland Aroused.

Warsaw, Nov. 6.—Great patriotic demonstrations were held in the streets by crowds estimated at 200,000 persons. Processions headed by clergy and singing "God Save Poland" paraded the principal streets, which were elaborately decorated. An attempt by the Russian loyalists to organize a procession was a complete failure, barely 500 persons taking part in it. A Jewish militia, armed with revolvers, is guarding Jewish houses in the outskirts of the city. The militia shot and killed four disguised detectives found trying to provoke disturbances.

## Harbor and Coast Defense.

Washington, Nov. 6.—Sixteen million dollars will be necessary to complete the engineering work of fortifications of the seacoasts of the United States under the plans of the Endicott board, according to the report of Brigadier General Alexander Mackenzie, chief of engineers. There has already been appropriated for this purpose \$28,693,434. Permanent projects at 31 different points have been adopted and most of them are well under way. The defense of the Great Lakes and the St. Lawrence river is under consideration.

## Exile's Return.

Paris, Nov. 6.—Paul De Roulede, the founder of the League of Patriots, arrived in Paris after an exile of six years. He was met at the station by a large crowd, which gave him an enthusiastic welcome and escorted him through the city singing the "Marseillaise." It is expected that M. De Roulede will be re-elected to the chamber of deputies, and furthermore he will take an important part as a Nationalist in the proceedings of that body.

## Smoot Case.

Washington, Nov. 6.—Senator Burrows of Michigan, the chairman of the committee on privileges and elections, said that he expected to have the case of Senator Reed Smoot of Utah disposed of before the term ends. Senator Smoot's seat is being contested on the ground that he is a member of the Mormon hierarchy. Senator Burrows said that if it is decided to present further testimony the committee is willing to hear it.

## Socialist Demonstration.

Vienna, Nov. 6.—The Socialists' suffrage demonstration on the Ringstrasse was attended by 50,000 persons. A strong force of gendarmes was stationed along the streets but did not interfere with the demonstration, and the Socialists were even permitted to hoist red flags over the reichsrath building. There were no disorders whatever.

## Removes Headquarters.

Richmond, Ind., Nov. 6.—Arthur J. Stoddard, St. Paul, Minn., who was recently appointed major general of the uniform rank, Knights of Pythias, by Supreme Chancellor Charles E. Shiveley of Richmond, will remove headquarters of the uniform rank from Indianapolis to St. Paul. At the present the membership of the uniform rank is placed at 37,000.

## GAS EXPLODED.

Bank Building Wrecked and a Dozen Persons Killed or Hurt.

Ishpeming, Mich., Nov. 6.—As the result of an explosion that wrecked the Miners' National bank, three persons are dead and a dozen persons injured, one fatally.

Dead: Steven Goodman, 12; Alice McGee, 10; Edward McGrath, 12. James F. Mullin was fatally injured. A gas leakage in the basement of the bank building was primarily responsible for the explosion and loss of life. It was detected coming from the building and two workmen went into the basement with lighted candles to investigate. The flame evidently ignited the gas in the basement, for a tremendous explosion followed. The two workmen were blown through a basement window and landed uninjured in an open boxcar standing on a nearby track. The building was completely wrecked. The three children killed were passing the building on their way home from church, and were caught in the falling debris.

## AT A BURGLAR

Merchant Believed He Was Shooting, but It Proved His Daughter.

Uniontown, Pa., Nov. 6.—Believing that he was shooting at a burglar, Hayden R. Craft, a well-known hardware merchant of this place, killed his daughter, Mrs. Elizabeth Coddington, at their home here. Mrs. Coddington and her husband, Charles Coddington, lived with the former's parents. Mr. Coddington had been ill for the last four days with pneumonia and the wife went to the kitchen to get him some ice. The door closed behind her and locked itself with a spring lock. Her father was awakened by the sound, and going to the door, called twice. Receiving no response he fired through the door, the bullet striking his daughter in the head. When he discovered what he had done Mr. Craft collapsed and lies in the hospital in a critical condition.

### GRANVILLE NEWS

Granville, O., Nov. 6.—Prof. R. S. Colwell, at the regular meeting of the Language Association on Saturday evening, delivered a very interesting lecture on "The Education of the College Woman and Home Making." Prof. Colwell prepared this lecture to be read before a prominent woman's club at Zanesville, and when delivered there it created quite a bit of interest and comment. The same lecture was read by Prof. Colwell Saturday evening before a small but attentive audience in Recital Hall. Dr. Colwell maintains the opinion that aside from its aid toward mental development and culture, college education for women does not, according to the present system, equip the woman adequately for her life work, for home making; that if a college woman does succeed in her duties as a home keeper, it is not because of the effect of her college education, but of her practical home training. Dr. Colwell advocates education for women to different system. He would modify the curriculum so that the young woman might be taught those studies which would be of practical use and interest to her afterward, such as household economics, house sanitation, hygiene, etc. Dr. Colwell stated his belief that the boy derives more benefit from his college education than the girl from hers, and that the boy receives more useful preparation for his life work than does the girl. Dr. Colwell cited instances to prove his theories, and held the complete interest of his hearers throughout his lecture.

The members of Kappa Phi Sorority and a number of guests spent the Saturday holiday very delightfully at a house party at "Bunker's Lodge," the well known case farm, north of town. Those composing the party were the Misses Stella Case, Stella Moore, Jean Moore, Mary Megginson, Pearl, Mary and Louise Ferguson, Mary McGuire,

Mary Ewers, Addie Tudor, Laura Beiler, Margaret McKibben, Marion Rose, Eleanor Chaffee, Madeline Auten, Irene Pennington, Leila McKibben, Grace Harford, Lois Field, Mary Dickinson, Ruth Davenport, Alice Dalziel, chaperoned by Miss Carrie Howland and Mr. Burton Case.

Chi Phi Delta was entertained most charmingly with a dinner party at the home of Miss Maude Thompson, Saturday evening. Miss Stella Case left Monday for Springfield, where she will attend the wedding of Miss Katherine Ehrenhart and Mr. Henry Colby, which will occur at Miss Ehrenhart's home on Thursday. Miss Ehrenhart and Mr. Colby were both students at Denison a few years ago, and were both very popular among a large circle of friends. Miss Ehrenhart was a member of Kappa Phi Sorority and Mr. Colby was a member of Sigma Chi fraternity.

### HIS DREAM

Warned Thornlund That He Would Die in a Railroad Wreck—Bade Relatives Good-By.

New York, Nov. 6.—"I have received a message from heaven which told me that I would die in a railroad wreck on my way to California. I shall never reach California alive."

After a vivid dream of a railroad disaster Carl Emil Thornlund of No. 254 St. Marks avenue, Brooklyn, spoke these words to his daughter and grandchildren as he kissed them good-by. He had already bidden all his friends farewell, for he believed his death was near. His daughter and grandchildren made light of his fears and urged him to be of good cheer.

Among those killed in the wreck on the outskirts of Kansas City was Carl Emil Thornlund, of No. 254 St. Marks avenue, Brooklyn.

Mrs. George Bowman of the East End, spent Sunday in Delaware.

### FOOTBALL GOSSIP

Captain Rondebush of the Denison team, who was injured in Saturday's game with Case, is not in such a serious condition as was first reported. His injuries consist of several torn ligaments in his neck and shoulders. The first reports stated that his collarbone was broken, but fortunately this proved to be a mistake. He has gone to his home at Baravia, O., where he will cast his ballot Tuesday. It is doubtful if he will play again this year.

The other members of the team were stiff and sore this morning. There will be no hard work at Beaver field until Wednesday when light practice will be indulged in for the rest of the week. Wittenburg at Springfield will be Denison's next opponents. The victory will probably be an easy one.

The Rutledge team journeyed to Columbus Sunday only to be disappointed by the heavy rain which fell during the afternoon. The Newark boys had a game scheduled with the Nationals of Columbus, and expected to make a good showing against them, though not hoping to win. The locals were loud in their praise of the good treatment received. They were royally entertained at the Nationals' club room. Another game is scheduled with the same team next Sunday. This means some hard work for the Rutledge team this week. They will be out for practice Tuesday, Wednesday and Thursday nights. All members of the team are warned to report in uniform for the practice will be of such a nature that it will be safe to be properly protected.

The Cleveland papers were loud in their praise of Coaco Stanton's Denison eleven for the showing made in Saturday's game. Bill Ellor, Freddie Shoop, Pamment and Livingston came in for their share of praise along with the rest of the team.

Tackle Ellor was a tower of strength. He was pronounced by the sport writers of Cleveland, to be the best tackle in the state. Fred Shoop was also a good ground gainer and won the praise of the spectators. His line hurdling was a feature of the game, even if Case rooters applauding his good work.

The first of a series of dances to be given by Marsh's orchestra will be given at Assembly Hall next Tuesday (election) night. Ladies free. Admission, 50c.

John E. Griffith, who cast the deciding vote in the Hanna senatorial contest, was married at Cocorro, N. M., to Miss Ruby Berry.

Frederick Sweet of New York, who claims to be promoting a Tennessee railroad, was arrested at Knoxville on a charge of embezzling \$2000.

Explosion in a mine at Vivian, W. Va., killed J. H. Carter, Howard McGhee, Lewis Brown, John Bradley, Robert Norman, Page Hunley, Hardin Divens.

## THE FIELD OF SPORT

### OHIO SCORES.

Case 16, Denison 0.  
Ohio State 23, Kenyon 0.  
Oberlin 23, Olivet 6.  
Wooster 5, Otterbein 0 (forfeited).  
W. & J. 18, Ohio Method 5.  
Indiana 30, Cincinnati 0.  
Wittenburg 35, Earlham 5.  
Heidelberg 11, Lorain A. A. 5.  
Denison (2) 16, Mt. Vernon high 0.

Cleveland, Ohio, Nov. 6.—Case defeated Denison Saturday afternoon in one of the greatest games of the season in the Cleveland held by a score of 16 to 0. Never was a harder fought game played in the Forest City, and it was only the endurance and pluck of Case that came in their stead. Clark and McKenzie, Case's two effective backs, were injured in the first scrimmage, but did not retire, as there were no substitutes to put in their places, so they were kept on the defensive and Baker was the only back to carry the ball.

The Case captain showed himself to be a wonderful player. He carried the ball from the 30 yard line and on sev-

score of 16 to 0. Though there has been much scrimmage work going on at Beaver field this fall, no regular game has been played and the students were rather football crazy.

Both teams played well. At the first of the game, two fumbles resulted on both teams. After that, the fumbling was conspicuously absent and clean football brought Denison's score to 16 points. Several old Newark High school stars were playing on the team. Pine and Herschberger and Moore were in all the prominent plays. Pine played quarterback for the scrubs this being practically the first game he has played this year. He made a pretty end run for 23 yards during the second half, this being one of the features of the game.

For Mt. Vernon, Sanderson at full-back and Owens at left half played the best games. The scrubs were too heavy for Mt. Vernon's men, many of whom were freshmen and inexperienced in football work. The punting of Pine and Sanderson were features. Sanderson of Mt. Vernon, booted the ball for good gains whenever it got into dangerous territory, and once or twice the Denison team was held for downs after these long punts. However, Mr. Vernon's offensive work showed a weakness, and it was with but little trouble that the High school were held and compelled to boot the ball.

The last touchdown was made in seventeen and a half minutes of play and the ball was in Denison's territory when the game was called. The summary:

### MUTES DEFEATED BY NEWARK A. A.

Superior Weight Was Too Much for Columbus Lads Though They Played Good Football.

The Newark Athletics overwhelmed the Columbus Mutes at the "Y" field Saturday afternoon and defeated them by a score of 16 to 6. The visitors played the best straight football, but were greatly outweighed and could not make any substantial gains through the heavy line.

For the visitors, Arras was easily the star. His line hurdling was a feature of the game. In one play Arras was called back of the line to receive the ball. He hurdled Newark's center, Mitchell, and when Quarterback Smith tried a tackle he jumped over his head for a good gain.

The only touchdown for the Columbus boys was made when this same Arras came out of a scrimmage with the ball and ran 75 yards for a touchdown.

For Newark, Woolensnyder, Smith and Montgomery played good ball.

### CHALLENGE OUT

For Any Bowling Team in This Part of the State—Wants a Coshocton Game.

The Hayes All Stars bowling team are beginning for a match game to be rolled this week. Several of the games scheduled have "fixed" and the men are targeting for blood. Captain Noel Armstrong hired up the Advocate and asked that a saw-pain challenge be published in order to get a game. The team will play any place in Newark, Coshocton, Zanesville or Columbus. The main object is to get a match game.

The bowlers at Mt. Vernon are anxious to tackle the Newark bunch, but the interference of railroad men, who will probably prevent this game being played. The team would either have to stay in Mt. Vernon all night or go up in the afternoon to roll the game.

## RHEUMATISM AN INSIDIOUS DISEASE THAT BREAKS DOWN THE STRONGEST

Rheumatism does not come on in a day; the causes that produce it work silently in the system for years. This insidious disease becomes entrenched in the blood, and some exposure to cold or damp weather, or slight indiscretion brings on an attack. Poor digestion, stomach troubles, weak kidneys, torpid liver, and a general sluggish condition of the system are responsible for Rheumatism. Food souring in the stomach poisons the blood, the failure of the kidneys and liver to act properly leaves waste matter and impurities in the system, which, coming in contact with the natural acids of the body, form uric acid. This is absorbed by the blood, and as it penetrates to the muscles, nerves and bones produces the terrible pains and aches and other disagreeable symptoms of Rheumatism. Life is made a torture by its excruciating pains, nerves are shattered, the health undermined, and if the disease is not checked it breaks down the strongest constitution. It will not do to depend on plasters, liniments, etc.; such treatment is helpful in easing the pain and reducing the inflammation, but does not reach the blood where the real trouble is located. S. S. S. cures Rheumatism by purifying and invigorating the thin, acid blood, driving out all impurities and poisons and sending a stream of strong, rich blood to wash out all irritating particles that are causing the pain and inflammation. S. S. S. stimulates the sluggish organs to better action, tones up the stomach and digestion, restores nervous energy and builds up the entire health. S. S. S. cures Rheumatism, whether acute or chronic, and the cure is thorough and lasting. Book on Rheumatism and any medical advice desired without charge.

## BATTLE OF BALLOTS

Copy of Ticket to be Voted in Newark,  
Tuesday, Nov. 7--Instructions How to  
Vote the Ticket so Bal-  
lot Will be Counted.

Here is presented an exact duplicate of the Australian ballot that Newark voters will find in the election booths tomorrow. This ballot is the ticket to be voted in the — Ward, but all the other tickets in Newark will be like this save in the candidates for councilman and assessor, who differ in the various wards.

The township tickets will omit all the city candidates and will substitute the township candidates instead. The lesson that this article aims to teach is how to vote the ticket in various ways so that the ballot will count. Thousands of voters lose their votes every year because they make errors in marking their ballots.

On the ballot this year will be found five regular tickets, besides the proposed amendments to the state constitution.

There are just three ways to vote the Australian ballot. To vote a straight ticket, to vote for all the candidates under a party label, is to put a cross with a black lead pencil in the ring, and make no other mark upon the ballot.

The marks made upon all ballots must be crosses—not distinguishing marks of any kind. This is to protect the sanctity of the ballot.

The second way to vote the ballot is to make a cross to the left of the name of every man for whom you wish to vote, and not touch the circle at the head of the ticket. In these days, this is the method that is in most common use.

The third method is not very well understood and is the least popular with the everyday man who hasn't time to bother. If you want to vote, for most of the men on the ticket, and yet there are several for whom you do not want to vote, put a cross in the ring at the head of the ticket in which you find a majority of the candidates for whom you want to cast a ballot, and a cross in front of the name of every other man on any of the tickets, whom you wish to favor.

It should be remembered that any distinguishing mark will invalidate the ballot—use the black lead pencil tied to the string in the booth, and mark with a cross.

Voters may be puzzled or may lose their votes in casting their ballots where there are "groups" of candidates. For example, on the Democratic ticket there are three candidates for members of the board of public service. If a cross is placed in the ring at the head of the ticket, the voter would vote for these three candidates.

But if the voter went down and put a cross in front of some other candidate upon some other ticket, the vote for the three men upon the Democratic ticket would be lost.

In voting for "groups"—where there is more than one candidate running for the same office upon the same ticket, unless the voter votes the straight ticket, he should put a cross before the name of each man he favors.

All of this information can be summed up in these words: Unless you vote the straight ticket, put a cross before the name of each man for whom you wish to vote.

## BIG BUILDING IS TO BE ERECTED

COMPANY JUST FORMING HERE TO CONSTRUCT FLAT ON EAST MAIN.

Newkirk Corner Changes Hands and Plans for Three Story Structure are Being Prepared.

A three story pressed brick flat building will be erected at the corner of East Main and First streets, diagonally opposite Trinity Episcopal church. A company is now being formed to finance the deal, the property having already been purchased from Fred S. and E. C. Wright for a consideration which is not made public.

Official announcement was made to the Advocate by one of the men directly interested Monday morning and assurance was given that the work of construction of this big building will begin in the early spring.

The property, known as the old Newkirk place, has been bought by Frank P. Kennedy, William C. Miller, Chas. W. Miller, Harry P. Scott and Edwin C. Wright, who are about to incorporate a company in which they will be the only stockholders. This company, which as yet has no name, will soon be incorporated under the laws of Ohio, but it is the present intention of the men interested to organize solely for the ownership and management of the new structure.

Mr. Taylor, a Zanesville architect, is preparing plans for the three story building on this lot 140x198 feet.

As announced in this paper Saturday, Ben B. Jones and John A. Chilcote have bought the property formerly occupied by Perry Rank as a residence and livery stable, paying \$20,000 for it. They will build a four story building there in the spring.

Unless you vote the straight ticket, place an X mark to the left of each name of the person for whom you wish to vote. Then you will make no mistake.

## P. B. EVANS DIES VERY SUDDENLY

Former Resident of Utica and Newark Will be Buried Tuesday at Licking Church Cemetery.

Philip Byron Evans, a former well known resident of Newark and Utica died very suddenly at his home three miles west of Licking church about 6 o'clock Sunday morning. Mr. Evans had been in the enjoyment of his usual health and well engaged in dressing Sunday morning, suddenly fell to the floor and expired in a few moments. Coroner C. F. Legge of this city, was notified and immediately went out to the home of Mr. Evans, and after learning the circumstances connected with his death, gave it as his opinion that death had been caused by heart trouble. The deceased was aged 53 years, and is survived by his widow, two sons and two daughters. The funeral services will be held at his late home on Tuesday morning, at 11 o'clock, and will be conducted by the Rev. J. C. Schindel, pastor of St. Paul's Lutheran church of this city. The interment will be made in Licking church cemetery.

## GRIDDLE CAKES

The great buckwheat belt of this country lies in the counties of West moreland, Indiana, Butler and Armstrong, Pennsylvania. What promises to be one of the largest yields ever harvested is ripening in the broad fields of those counties. There is buckwheat elsewhere in several other states, but the bulk of it is there.

Pennsylvania buckwheat is eaten in nearly every large city in America, and is exported to many foreign countries. Last year more than 800,000 acres of land in the United States were planted in buckwheat, yielding 14,529,770 bushels, valued at \$8,654,704. More or less of the crop is raised in twenty-five different states, from Maine to North Dakota, and from Wisconsin to Tennessee. Everybody is glad the crop is great this year, for the universal palate is hungry for griddle cakes smothered in butter and syrup.

## THE EQUITABLE

Supt. Hendricks Makes Report on Condition of This Insurance Company, on June 30, 1905.

Albany, N. Y., Nov. 6.—Superintendent Hendricks made public a report by R. H. Hunter, deputy superintendent of insurance, on the condition of the Equitable Life Assurance society at the close of business on June 30, 1905. The report places the value of the society's office buildings in various cities at \$26,366,366, or \$4,998,634 less than the sum at which they are carried on the books of the society. Of the loans on bonds and mortgages the report says they represent \$83,721,222.16, and have an average earnings of more than 4 1/2 per cent. The loans made by the company on the security of policies assigned as collateral amount to \$25,865,890.50, and the bonds and stocks owned by the society have a par value of \$195,900,567, as against a book value of \$219,430,408 and a current market value on June 10, 1905, of \$232,565,562. Cash on deposit at the close of business June 30, 1905, aggregated \$29,879,552.72. The admitted assets are \$406,073,063, and the total liabilities are estimated at the same amount.

## ONLY A BOY

So She Married His Pa—Fourteen-Year-Old Girl Becomes Step-Mother to Sweetheart.

New York, Nov. 6.—Twice a widower and 47 years of age, Frederick Tabor won the love of his son's fourteen-year-old sweetheart, Abbie Tuthill, and married her. For that reason there is unusual excitement in the village of Orient, out on the northeastern tip of Long Island.

For a week Orient kept quiet, smothering its indignation, but all the pent-up anger of the ruralites found outlet during last night and expressed itself today in painted characters on the 200 foot barn of the groom. Here are some of the signs painted on the broad yellow boards: One-legged Teddy. Tar and Feather Him. A Disgrace to Orient. Where is Her Mother? Robbing the Cradle. Who Was the Minister? Freddy 47; Abbie 14. The bride said: "No, we don't know who put the signs on the barn, and we don't care. It's nobody's business who married us. I never intended to marry Russell Tabor. He's only a boy."

"Those signs may rot off the barn for all I care," said Tabor. Whoever put them there has had his work for nothing, as far as I am concerned." Russell Tabor said he did not care anything about the affair, but admitted that he had been attentive to his pretty stepmother.

Unless you vote the straight ticket place an X mark to the left of each name of the person for whom you wish to vote. Then you will make no mistake.

## HOW MANY NEWARK PEOPLE WERE ROBBED LAST YEAR?

You would be surprised to know how many bright, sensible Newark people who have been actually robbed of amounts ranging from \$1.50 to \$10, through smooth talking subscription agents. Why give your money to strange agents soliciting subscriptions to leading magazines, whom you know nothing about, whom you have never seen before and will probably never see again. Why not send your subscription to a reliable dealer who guarantees to beat or meet any price made by a responsible party and who will refund your money if you do not receive magazine. Think it over and then send your order to Norton's Book Store. 4-2t

No Objection on His Part. Tired of seeing him hanging about the neighborhood, the citizens organized an amateur vigilance committee and proceeded to ride him out of town on a rail.

"Now, you pestiferous old vagabond," said the leader, "do you think you'll stay away from this part of the country after this?"

"Yes," replied Tuffold Knutt from his precarious perch on the rail. "ef you carry me fur enough away."—Chicago Tribune.

## WANTED A CREW

And One Armed Brother Hearing His Call Rowed Mile and Half to Find Out What Was Wanted.

The boys at Buckeye Lake have a new name for William Charlton, but they don't say whether Mr. Charlton respond to his new title—"Tobacco Bill."

The other day Charlton was at work on Messmore Point clearing out the underbrush. He was alone and because of lack of facilities was unable to get away from the point. His brother, Jacob, a one-armed man, was on Charlton island, a mile and a half away. The latter heard his brother call and supposing from his manner that he was in sore distress, Jake jumped into a boat and pulled for the Messmore Point with all his might. Arriving in halting distance, he anxiously inquired what was wanted when William coolly replied that he was out of tobacco and badly needed a "chaw."

Whether the air became blue or whether the desired plug was forthcoming, deponent saith not, but it's a cinch that another call of alarm from the vicinity of Messmore Point will meet a chilly response on the part of one Jacob Charlton.

## Y. M. C. A. MEETING

The Sunday afternoon meeting at the Y. M. C. A. which was addressed yesterday by Rev. Alexander R. Tarr, although not largely attended, was a success.

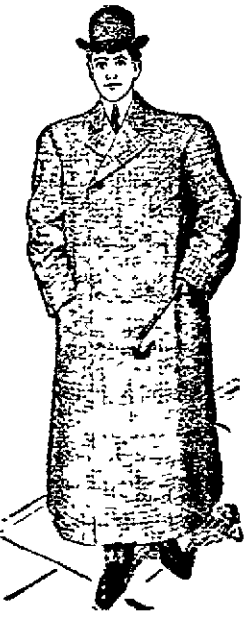

Rev. Mr. Tarr spoke on the theme, "This Other Eden." The speaker showed in beautiful language how the temptations of the tree of knowledge combines in making the earthly life our Eden. He also gave the beautiful illustration of the search for the Holy Grail, which after a lifetime spent in searching after it, was found in the castle of the searchers. He also touched on spiritual and moral cleanliness in a very effective manner.

Rev. Mr. Tarr is to be in the city during the week giving his lectures, the first of which, Macbeth, will be given at Taylor Hall this evening. Mr. Will Reynolds sang "A Dream of Paradise" is his most pleasing and effective style, which was much appreciated.
